Reasons for taking the course with us:
- Small class size. This will allow for great personal training with our instructor.
- Over 700 practice questions in the course.
- Classroom training in New York City or online training throughout the country. Our online class is a live training event with our instructor. Click here for more information about our Live online class.
- PMI Authorized courseware and training method. PMI has reviewed our courseware for accuracy and quality.
- 5 full days of training. Course includes a full length 4 hour, 200 question mock exam, that allows students to know their weak and strong points. Some training centers try to cram the training into 2 days or 4 days.
- The most flexible schedule. If you cannot attend a few of our classes, you can do a makeup in any of other classes, which includes evening, weekend, or weekday courses.
- This training meets the requirement for the 35 hours of project management education required by PMI before taking the PMP.
- We help all students fill out their application. We will work with you individually to complete your application. We can work with you before the course starts or during the course to complete your application. We actually submit the application for you after we check to ensure the accuracy of the information on the application.
- Great instructor. Our PMP Certified Instructors all has over 10 years of experience as project managers and instructors. Call us to speak to one of our instructors about our teaching methods, and how we able to maintain a 97% passing rate.
- This is not a lecture only class. We use a combination of group activities, discussions and exercises to enforce what you learn. This will allow you to apply the PMI knowledge areas to real world Project Management.
- Help after the class. Work with the instructor after the class to help you pass the exam.
- Our customized presentation slides, which summarizes the entire PMBOK® Guide.
- Affordable cost. Some places charge more than double for less quality training. As a PMI Registered Education Provider you are sure to get PMI approved quality training.
- If you are not satisfied with this course after the first day, we will refund the full amount of your tuition, no question ask. No other school or training facility will make this same offer.
- We are a true training center with a real physical location. Most other providers rent hotels to hold their courses. They are here one moment and gone the next.
- We currently maintain a documented 97% passing rate for all of our students.
- If you don't pass the PMP or CAPM exam on your first try, you can retake our course for free.
